

## REMARKS

Applicants appreciate the Examiner's allowance of Claims 79-85.

### Amendments To Specification

In accordance with the Examiner's request, Applicants have checked the specification and are amending the specification by submitting a substitute specification to correct grammatical and spelling errors therein, as shown in the attached marked-up copy of the specification. No new matter has been added. Accordingly, it is respectfully requested that this amendment be entered and allowed.

### Drawings

Applicants are also amending Fig. 9 to correct a minor error therein so the figure is consistent with the specification. No new matter has been added. Accordingly, it is respectfully requested that this amendment be entered and allowed.

### Conclusion

It is respectfully submitted that the present application is in a condition for allowance.

It is respectfully requested that an interference be declared at this time between the present application and US 6,812,637 patent, as explained previously.

If any fee should be due for this response, please charge our deposit account 50/1039.

Favorable reconsideration is earnestly solicited.
